Professional Summary

Aspiring UI/UX Designer and Front-End Developer, and fourth-year BSc (Hons) Information Technology undergraduate at the Sri Lanka Institute of Information Technology (SLIIT). Brings hands-on industry experience as an Intern Web Developer at the Centre for Defence Research and Development (CDRD) and as an MIS Executive at Nilkamal Eswaran Plastics (Pvt) Ltd. At CDRD, developed internal web applications and created and enhanced web interfaces to improve usability and reduce user errors. At Nilkamal, worked closely with users across departments to understand their needs and resolve system issues, building a strong foundation in user-centred thinking. Skilled in Figma, wireframing, interactive prototyping, and UI design for mobile and web applications, with front-end skills in React.js, HTML, CSS, and JavaScript that bridge design and implementation. Holds a Diploma in English from Sabaragamuwa University of Sri Lanka, supporting clear communication with clients and teams.

Skills

- **UI/UX Design:** Figma, Canva, MockFlow, Wireframing
- **UML & Modelling:** Use Case Diagrams, Sequence Diagrams, Flowcharts (Draw.io, MockFlow)
- **Frontend Development:** React.js
- **Business Analysis:** Requirements Gathering, Process Documentation, Stakeholder Communication, SQL
- **Programming Languages:** C, C++, Java, Kotlin, R, PHP, HTML, CSS, JavaScript
- **Backend Development:** Node.js, Express.js
- **Database Technologies:** MongoDB, MySQL, MySQL Workbench
- **UI/UX Design:** Figma, Canva, MockFlow, Wireframing
- **UML & Modelling:** Use Case Diagrams, Sequence Diagrams, Flowcharts (Draw.io, MockFlow)
- **Development Tools:** Eclipse, VS Code, GitHub, RStudio
- **Project Management Tools:** ClickUp, Notion, Trello, Jira
- **Automation Testing:** Playwright, Postman (API Testing)
- **Data Visualization and Analytics:** Power BI, Advanced Excel
- **Languages:** English, Sinhala

Experience

Nilkamal Eswaran Plastics (Pvt) Ltd 2026 June – 2026 September
MIS Executive

- Generated and maintained operational and analytical reports to support executive decision-making.
- Monitored internal database entries and system workflows to ensure data accuracy and integrity.
- Coordinated between departments to resolve technical, system, and reporting bottlenecks.

Centre for Defence Research and Development 2025 November – 2026 May
Intern Web Developer

- Developed internal web applications to improve workflow efficiency.
- Created and enhanced web interfaces to improve usability and reduce errors.
- Built features and functionalities to meet project requirements and optimize performance.

Projects

WordLab – Creative Language Workspace
Lead Developer

- Developed a workspace focused on language analysis and automated content generation.
- Designed an intuitive interface for real-time text processing and creative linguistic tasks.

Glamora – Cosmetic Selling App
UI/UX Designer & Android Developer

- Designed a modern UI using Figma, improving user satisfaction and retention by 30%.

- Developed key screens (Home, Product, Cart) in Kotlin, reducing app load time by 20%.

Paw Pet Care – PetCare Center Management System
Full-stack Developer

- Implemented profile management for users and pets, improving data accuracy by 25%.
- Developed seamless navigation across modules, enhancing user experience by 35%.

Booklore – Virtual Library Management System
Full-stack Developer

- Implemented secure user authentication and dynamic profiles, increasing login success rate by 50%.
- Integrated chatbot and engagement features, boosting interaction and session time by 40%.

Cashier System – Mobile Phone Shop
Full-stack Developer

- Developed a cashier system to manage sales, inventory, and billing efficiently.
- Implemented real-time updates for inventory, reducing manual errors by 30%.

Singlish – English Translator
QA Automation

- Developed a script using Python and Playwright to automate English-to-Sinhala translation testing.
- Automated the process of logging test results (Pass/Fail) and UI errors into an Excel sheet.
- Focused on ensuring UI stability and translation accuracy through automated regression tests.

Education

BSc (Hons) in Information Technology Expected 2027
Sri Lanka Institute of Information Technology (SLIIT)

Diploma in English
Sabaragamuwa University of Sri Lanka

G.C.E. A/L – Biology Stream 2020 & 2021
Ferguson High School, Ratnapura

Certifications

- Agile Project Management – Alison.com
- Project Management – Oxford Home Study Centre
- ClickUp Fundamentals – ClickUp University
- Introduction to JIRA – Simplilearn
- PMP Exam Prep – Project Management Institute
- UI/UX Design – Alison.com
- Software Testing & Networking – Simplilearn
- MongoDB Node.js Developer Path – MongoDB University
- Getting Started with MongoDB Atlas – MongoDB University

Leadership & Activities

- Head Prefect – Sri Saranankara Dhamma School (2014–2016)
- Member, Wushu Club – Ferguson High School (2012–2015)
- Member, Science Society – Ferguson High School (2012–2014)
